

# TECHNOLOGIC THEME

[www.wpzoom.com/themes/technologic](http://www.wpzoom.com/themes/technologic)

# INSTALLATION GUIDE

License type: SINGLE USE

Revision date: 07.07.2009

Author: Dumitru Brinzan

Author URI: <http://www.brinzan.net>

Author e-mail: [dumitru@brinzan.net](mailto:dumitru@brinzan.net)

## Legal Notice:

Single use license allows you to use TECHNOLOGIC THEME only on 1 (one) web-site / domain.

You are NOT allowed to re-distribute and/or resell TECHNOLOGIC THEME.

## PART 1: PREPARE FILES FOR UPLOAD

1. Unzip the file somewhere on your HDD.
2. Using an FTP client, upload all theme files it to your themes folder.

If your blog is located here: <http://www.domain.com/blog/>, then upload the theme to <http://www.domain.com/blog/wp-content/themes/>

## PART 2: FILE PERMISSIONS

**Technologic Theme** uses the **TimThumb** PHP script for dynamic image resizing.

Set file permissions **777** (rwx-rwx-rwx) to:

**`/wp-content/themes/technologic/scripts/`**

and

**`/wp-content/themes/technologic/scripts/cache/`**

Otherwise TimThumb images resize script will not work properly.

***Some important things to note:***

***TimThumb*** requires the ***GD library***, which is available on any host sever with PHP 4.3+ installed.

## PART 3: ACTIVATE TECHNOLOGIC THEME

Go to your Dashboard area, click on Appearance > Themes and activate the TECHNOLOGIC THEME.

## PART 4: TECHNOLOGIC THEME OPTIONS

After activating TECHNOLOGIC Theme, a new page will appear under the “Appearance” section in the Dashboard called “**Technologic Theme Options**”.

All options are commented and have default values and examples, where necessary.

**TECHNOLOGIC Theme** has 6 sections in the Theme Options:

1. **Style Settings**

This is where you choose the Color Palette and other style/design settings.

2. **Photos and Thumbnails**

Choose if you want to use Custom Fields for your images, or if the theme should automatically use inserted images from your post content.

3. **Featured Content**

Settings regarding the “Featured Posts” and “Featured Categories” boxes on the homepage.

Also here you can set some settings for the jQuery slideshows used on the homepage.

4. **Main Menu (Header)**

Here you can find some settings regarding the main menus in the header.

5. **Miscellaneous Settings**

**Technologic Theme** makes it easy to implement Google Analytics and FeedBurner into your site.

6. **Banner Management**

**Technologic Theme** has 3 default locations for banners: one in the header, one in the sidebar and one in the post's content

## **PART 5: SUPPORT**

**Technologic Theme** has been developed for Wordpress 2.7.1 and Wordpress 2.8. It has been tested on default installations for both versions, on different hosts. It has also been tested on existing (older) blogs.

**Technologic Theme** has also been tested in all major browsers: IE 6, IE 7, IE 8, Opera, Firefox, Safari and Google Chrome. The provided XHTML code is validated.

If you happen to face some difficulties with this theme, please consult our forums first. The forum can be accessed here: <http://www.wpzoom.com/forum/>

In the future, if a new version of Wordpress will be released, it is advised to consult the Support Forums before updating the core Wordpress files. I cannot guarantee that this theme will fully support the future versions of Wordpress.

## **PART 6: CONTACT ME**

If you want to drop me a line about this theme, make a suggestion or just say hello, here are my contact details. I am not online 24/7, so don't expect an immediate answer.
